WTI Global Economic Governance Seminar Series

Thomas Bernauer, ETH Zurich

HOW ARE INTERNATIONAL TRADE AND THE ENVIRONMENT RELATED? A PUBLIC OPINION PERSPECTIVE

TUESDAY, 17 NOVEMBER 2020, 16.15-18.15

Online via **ZOOM**

Brief description

Public opinion is a key driver of trade policy, and environmental considerations are playing an increasing role in this area. Prof. Bernauer will examine whether and how citizens take into account environmental concerns when forming opinions about trade and trade policy.

Biography

Thomas Bernauer is a professor of political science at ETH Zurich. He and his research group are based at the Center for Comparative and International Studies (CIS), a joint institution of ETH Zurich and the University of Zurich, and at ETH Zurich's Institute of Science, Technology and Policy (ISTP). Thomas Bernauer obtained his PhD from the University of Zurich in 1992. In 1988-92, he was a researcher at the United Nations Institute for Disarmament Research in Geneva, in 1992-94 a postdoctoral researcher at Harvard University, and in 1994-95 a senior lecturer at the University of Zurich. In 1995, he was appointed assistant professor at ETH Zurich, in 1999 associate professor, and in 2004 full professor. In 2004-2006 Thomas Bernauer was Dean of ETH Zurich's department of social sciences and humanities, and in 2005-2009 director of the Center for Comparative and International Studies. From 2004 to 2012, he was a member of the Swiss National Science Foundation's (SNSF) Research Council. In 2011-2012, he served as President of the SNSF division (IV), which is responsible for national research programmes, NRP, and national centres of excellence, NCCR. Since 2015, he has served as Director of ETH Zurich's Institute of Science, Technology and Policy (ISTP).
