*“I have been lecturing at the WTI for many years and each time it is a real intellectual pleasure. What makes the WTI's offering unique is the interdisciplinary approach to the study of international economic governance. Students get to study not just the law, or economics, or politics of international economic relations, but the law **and** economics **and** politics of international economic relations. This prepares them well for a career as a practising lawyer or for a career in academia.”*

Professor Gabrielle Marceau
Counsellor in the Legal Affairs Division of the WTO

“The knowledge and inspiration that I have gained from WTI students since 2004 is irreplaceable.”

“I have had the privilege of being part of the WTI's faculty since the 2002 Academic Year. The WTI is simply a great place; I wish it existed when I was a student. Expect vibrant discussions and the chance to find a fulfilling job in the international trade arena. My firm keeps hiring young lawyers from the WTI and we have never been disappointed!”

TRAIL+ Programme
LL.M. in International Trade and Investment Law &
Diploma of Advanced Studies in International Law
and Economics

Blaze a TRAIL for your career!

Are you a law graduate looking to take the next step in your career or in academia?

If so, you are on the right path.

The newly-launched TRAIL+ programme at the WTI targets students and professionals with a legal background, who are interested in specialising in international economic law and global economic governance from an interdisciplinary perspective. Compared to the WTI's long-established MILE programme, the TRAIL+ programme includes more law courses, and fewer courses on economics and political science. It may therefore be more suitable if you wish to pursue a career in private practice or a PhD in law.

The TRAIL+ programme is right for you if you have:

- A JD, Bachelor or Master of Law
- A strong command of English

What we offer

- A one-year, intensive graduate programme (which can also be taken part-time)
- Teaching and guidance from leading scholars and practitioners
- The latest research developments in international trade and investment regulation, and economics
- The opportunity to join a vibrant WTI alumni network with over 500 members worldwide
- Strong networks and mentoring programmes to help students secure internships and entry-level positions

Scholarships and Internships

- The WTI is able to offer limited financial aid and scholarships to qualified students. TRAIL+ applicants will be considered for scholarships upon request. Highly competitive internship opportunities are also awarded to qualified students upon completion of studies. To learn more about financial aid, scholarships and internship opportunities at the WTI, **please visit the TRAIL+ section of our website.**

Programme Structure

The TRAIL+ programme combines an LL.M. in Trade and Investment Law and a Diploma of Advanced Studies (DAS) in International Law and Economics. Successful completion of the full programme includes both the LL.M. and DAS components. Students who successfully fulfil the requirements of the TRAIL+ programme are awarded a *Legum Magister / Legum Magistra* (LL.M.) and a *Diploma of Advanced Studies in International Law and Economics*. The TRAIL+ programme counts for 90 European Credit Transfer System Points (ECTS) – 60 points for the LL.M. and 30 points for the DAS. Students may start the TRAIL+ programme in September or in January.

The TRAIL+ programme is designed for full-time completion in 12 to 15 months. The programme can also be followed on a part-time basis, with completion in 2 to 3 years. In addition to the courses offered during the autumn and spring semesters, students taking the TRAIL+ programme are able to take, as part of their programme, WTI Summer Academy courses, as well as courses from the WTI's MILE programme.

Courses à la carte

Designed for government officials and professionals from the private and civil society sectors, our *à la carte* courses offer a convenient way to enhance your knowledge in selected areas of international trade and investment: join one or more weeks of the TRAIL+ programme, while taking minimal time off from your job and without needing a specific academic background or degree.

You will attend the lectures alongside students from our TRAIL+ programme. Upon completion, you will receive a certificate of attendance. With some exceptions, the price for one week is **1,200 Swiss francs**.

Courses from the TRAIL+ programme can also lead to a Diploma of Advanced Studies (DAS) or a Certificate of Advanced Studies (CAS) with a specialisation in International Economic Law. A DAS can be awarded after obtaining 30 ECTS (around 8 weeks of course work plus a scientific research paper) and a CAS after obtaining 12 ECTS (around 3 weeks of course work plus a scientific research paper). With some exceptions, the tuition fee for courses leading to a DAS is **10,000 Swiss francs** and for courses leading to a CAS it is **4,000 Swiss francs**.
